

Song #4

“Never Play With Matches“

Sung to the tune: Frere Jacques

Never play with matches
Never play with matches
If you do, if you do
You might burn your fingers
You might burn your fingers
That won't do! That won't do!

Never play with matches
Never play with matches
If you do, if you do
You might burn your house down
You might burn your house down
That won't do! That won't do!

Never play with matches
Never play with matches
If you do, if you do
You might burn the forest
You might burn the forest
That won't do! That won't do!
